Social Service Organizations 112-113

Textiles 113-115

Tires 115-118

Wood 118-131

INTRODUCTION

Enclosed is a copy of the Recycling Council of Ontario's Ontario Recycling Markets Directory. The focus of this project has been to gather information on markets in northern municipalities. Two contracted RCO staff visited potential markets for post-consumer materials in Northern Ontario in May 1991. The resulting information has been compiled in this directory.

All the markets information received in hardcopy is also available via the on-line communications link between ORIS and MOE.

IMPORTANT: It has not been determined in this project which companies are certified or are in fact subject to some type of approvals process by the Ministry of the Environment. As such, the Recycling Council of Ontario cannot be held responsible for listing companies who could be called into question for any reason.

GUIDE TO LOCATING INFORMATION

1. Information has been sorted first according to material type. All the markets in Ontario for "Asphalt, Concrete and Fill" will be listed under that category.

2. Information has then been sorted within material type according to Region. Regions listed in the directory are as following and appear alphabetically within material type:

    CENTRAL REGION
    GREATER TORONTO AREA
    MANITOBA
    MICHIGAN
    MINNESOTA
    NEW YORK
    NORTHEAST REGION
    NORTHWEST REGION
    QUEBEC
    SOUTHEAST REGION
    SOUTHWEST REGION
    WEST CENTRAL REGION (NORTH)
    WEST CENTRAL REGION (SOUTH)
    WISCONSIN

3. If more than one company is found within a particular region the companies will be sorted alphabetically within that region

4. Cities have been bolded for easier identification.

Asphalt, Concrete, and Fill

ARMBRO MATERIALS AND CONSTRUCTION
25 Van Kirk Dr., Unit 8
Brampton
L7A 1A6
(416) 451-0690
GREATER TORONTO AREA
